

Blackwater – The Soundtrack

You will be creating a soundtrack that could accompany a *Blackwater* movie. Often, movie soundtracks include songs that are similar to the themes and topics that appear in the movie. These songs are often played throughout the movie during the movie or during the opening/closing credits.

For example, in *The Lion King*, the movie is opened with the song *The Circle of Life*. This song closely aligns with one of the themes of the movie

You will:

- Make a soundtrack of 15 songs.
- One song for each chapter
- Short description of how each song relates to the chapter.

Once you are finished finding your songs and writing the description, You can use Microsoft Publisher, there is a CD Cover template available.
